

Catching the School Bus

I catch the 765 bus to school. It comes around 8:20. Sometimes it comes a few minutes early. Sometimes it comes a few minutes late, but that's okay. I will still get to school in time for Roll Call.

Everyone chooses their own seat on the bus. If someone is sitting in my favourite seat, I don't push them out of the way. I can sit somewhere else near the front. I like to listen to my iPod on the bus.
